SUPPLEMENTARY FIGURE 1. Comparison the proliferation, migration and invasion in MKN45 cells without treatment or transfected with sh-NC. **(A)** The proliferation MKN45 cells was evaluated by Edu assays. **(B)** The proliferation of MKN45 cells was examined by colony formation assay. **(C)** The mobility of MKN45 cells were assessed by transwell assay. **(D)** The invasion of MKN45 cells were determined by transwell assay.
